Road Hands Take Notice

Rapid changes of temperature are hard
on the toughest constitution.

The conductor passing from the heated
inside of a trolley car to the icy temperature
of the platform—the canvasser spending an
hour or so in a heated building and then
walking against a biting wind—know the
difficulty of avoiding cold.

Scott's Emulsion strengthens the
body so that it can better withstand the
danger of cold from changes of temperature.

It will help you to avoid taking cold.

Japanese New Year Cakes.

An annual event in Japan is the
making of the New Year's cake, which
every family must have if good luck
is to follow it during the ensuing year.
This cake is made of a peculiar variety
of rice, boiled and pounded in a great
wooden mortar until it is of the con-
sistency of dough. Although the pure
white dough is often colored yellow
or pink, the shape of the cake is al-
ways the same—that of the sacred mir-
ror, one of the three sacred symbols of
the Shinto faith. A piece of this cake
is offered to the Shinto deities because
it is of the shape of the sacred mirror
which wooed the sun goddess to come
out of the cave where she had hidden
herself in wrath and thus saved the
land from total darkness. Each mem-
ber of the family takes a hand in the
manufacture of the New Year's cake.
Even the baby is carried out and his
baby hand guided in lifting the heavy
wooden mallet for a "good luck" blow.
Enough is made to last nearly the
whole year through, and it occupies
an important place in the daily menu.

Queer Fish.

At first thought the electric chair,
which sends the criminal to his doom,
would seem to be a refinement of in-
vention possible only to man's genius.
But the electric eel can numb a
horse so that it will drown before re-
covering from the shock, and the
fiercest fish is rendered helpless by the
gentlest touch of this creature. Small
wonder these eels flourish in their na-
tive waters and seldom fail to find
food enough and to spare!

At any rate, the gentleman angler
casting his fly upon the ripple is
unique. Surely no animal can match
the rod and line! Yet there is a fish
with a long, slender filament drooping
forward from its head, tipped with a
fleshy, wormlike appendage. The fish
lies quietly on the bottom and awaits
a nibble. Soon a minnow makes a
dash for the waving luscious morsel.
The huge mouth opens, and—the fish-
angler has dined! A veritable Shylock
this, with red, line and bait of his own
flesh and bone!—Chicago Record-Her-
ald.

Elsie—Laura's health seems greatly
improved.
Ada—Yes; she has heard that her
doctor is engaged.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this
country most dangerous because so decep-
tive. Many sudden
deaths are caused by
it—heart disease,
pneumonia, heart
failure or apoplexy
are often the result
of kidney disease. If
kidney trouble is al-
lowed to advance the
kidney-poisoned
blood will attack the
vital organs or the
kidneys themselves break down and waste
away cell by cell.

Bladder troubles most always result from
a derangement of the kidneys and a cure is
obtained quickest by a proper treatment of
the kidneys. If you are feeling badly you
can make no mistake by taking Dr. Kilmer's
Swamp-Root, the great kidney, liver and
bladder remedy.

It corrects inability to hold urine and scald-
ing pain in passing it, and overcomes that
unpleasant necessity of being compelled to
go often during the day, and to get up many
times during the night. The mild and the
extraordinary effect of Swamp-Root is soon
realized. It stands the highest for its won-
derful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold
by all druggists in fifty-cent and one-dollar
sized bottles. You may
have a sample bottle of
this wonderful new dis-
covery and a book that
tells all about it, both

sent free by mail. Address Dr. Kilmer & Co.,
Binghamton, N. Y. When writing mention
reading this generous offer in this paper.

Don't make any mistake, but remember
the name, Swamp-Root, Dr. Kilmer's
Swamp-Root, and the address, Binghamton,
N. Y., on every bottle.
